

VILVAM is an Online Clinic and Practice Management System specially created for doctors and clinic staff who need to get more done in less time. It is the next generation solution with powerful advantages over traditional on-premise installed software. Based on cutting edge technology, **VILVAM** will :

- ✓ enhance your performance with better time management
- ✓ improve revenue generation efficiency
- ✓ provide easy access to patient data
- ✓ give you the best connectivity to patients, staff and peers
- ✓ eliminate medical errors

Created by **SaaS Vantage**, **VILVAM** has been developed on a robust platform using a talent pool consisting of experienced engineers and expert physicians. With their years of experience and exposure to the industry, they have designed **VILVAM** to enhance the doctor-patient rapport with simple and easy-to-use tools that take care of peripheral tasks leaving the physician free to focus on patient care.

How Does It Work?

VILVAM is hosted securely at our central server. Clinic owners, physicians, support staff (and optionally patients) can access the system using a web browser with an internet connection anywhere - anytime.

The clinic owner pays a low monthly subscription of ₹ 450 per physician account. Accounts to support staff and patients are free.
